

ARIHANT CHEMICAL CORPORATION & J.J ENTERPRISE

For paints / inks / plastic / Rubber industries Raw material available with us under self import / Manufacturing / Trading.

Specification of :- Prussian Blue

PRODUCT SAFETY DATA

PRODUCT NAME	: PURSSIAN BLUE
Chemical Constitution	: Ferric Ammonium Ferro cyanide
Colour Index Name	: Pigment Blue-27
Colour Index No.	: 77510

PHYSICAL DATA

Melting / Softning point	: Decomposes
pH aqueous extract	: 7
Solubility in water	: Insoluble
Odour	: None
Physical form	: Dry Powder

STORAGE STABILITY AND HANDLING

Special precaution for transport & handling	: None
Incompatible substance	: None
Hazardous decomposition products	: None
Protective measures	: Normal conditions for industrial hygiene Should be observed, i.e. respirators, gloves And clean overalls should be worn
Measures after spillage ro leakage	: to be cleaned up at once, preferably by Vacuuming or water / detergent
Disposal	: Burying in accordance with local regulations.

IGNITION AND COMBUSTION

Extinguishing media	: Foam CO ₂
Special fire precautions	: Non flammable
Explosion hazards	: None

TOXICITY

This pigment has a low order of toxicity and presents no significant health hazard if handled to normal industrial hygiene and safe working practice.

EMERGENCY AND FIRST AID PROCEDURES

In case of contact wash in clean running water

ADDITIONAL INFORMATION

The information contained in this data sheet is based on the most up to date the company has available at the date of issue. This product should be handled in accordance with good industrial hygiene and in conformity with your national legal requirements.
